The richest humorous book of the age is

SAMANTHA AT SARATOGA

by "Josiah Allen's Wife." Miss Holly spent all last season amid the whirl of fashion at Saratoga, and takes off its follies, flirtations, low neck dressing, pug dogs, &c., in her inimitable mirth-provoking style. The book is profusely illustrated by Oppen, the renowned artist of Puck. Will sell immensely. Price \$2.50. Bright agents wanted. Address,

HUBBARD BROS., Pubs.,

April 22, 6m. Philadelphia, Pa.

COMMISSIONER'S OFFICE.—To James W. Allison, E. B. Addison, W. H. Allison and John Addison, Merchants and Partners, under the firm name and style of Allison & Addison, D. O. Baldwin, W. T. Baldwin and W. G. Baldwin, late Merchants and Partners under the firm name and style of D. O. Baldwin & Company, and all the creditors of the said late firm of D. O. Baldwin & Company.

You are hereby notified that I have fixed upon the 30th day of August, 1887, at my office at Tazewell C. H., to take and settle the account ordered by the Circuit Court of Tazewell county on the 24th of May, 1887, in the Chancery Cause now pending in said Court wherein Allison and Addison are complainants and D. O. Baldwin and Company are defendants, at which time and place you are required to be present.

Given under my hand this 6th day of August, 1887. S. M. B. COULLING, Commissioner.

TO H. A. HARMAN, HENRY MAY AND Rhoda, his wife; Kiah Harman, William F. Harman, John W. Gillespie and Margaret, his wife; George Fuller and Nancy J., his wife; G. C. White, administrator, with his annexed of Kiah Harman, deceased; Henry B. Harman; Samuel W. Austin and Christina, his wife; David Harman and Joseph Harman, (the two last being children and heirs at law of H. D. Harman, deceased,) and the other children and heirs of Henry D. Harman, deceased, names unknown Emily Harman, (an infant,) and James W. Smith, late sheriff of Tazewell county, and as such administrator of Nancy B. Harman, deceased, and all other persons interested.

You are hereby notified that I have fixed upon the 31st day of August, 1887, at the office of Fulton and Coulling, at Tazewell C. H. to take and settle the account ordered by the Circuit Court for Tazewell County on the 4th day of May, 1887, in the Chancery Cause of H. A. Harman and al., vs. G. C. White, a. c. t. a. and al., and Kiah Harman, administrator vs. H. A. Harman and al., heard together, and now pending in said Court, at which time and place you are required to be present.

Given under my hand this 6th day of August, 1887. S. M. B. COULLING, Commissioner.

WE TELL YOU PLAINLY

that Simmons Liver Regulator will rid you of Dyspepsia, Headaches, Constipation, and Biliousness. It will break up chills and fever and prevent their return, and is a complete antidote for all malarial poisons—yet entirely free from quinine or calomel. Try it, and you will be astonished at the good results of the genuine Simmons Liver Regulator, prepared by J. H. Zelin & Co.

For cleansing and healing foul and indolent Ulcers, Sores and Abscesses and removing the bad odors arising therefrom, and for sloughing, contused and lacerated wounds, Darbys Prophylactic Fluid is unequalled.

I have used Darbys Prophylactic Fluid in hospital and private practice for ten years and know of nothing better for sloughing, contused and lacerated wounds, foul and indolent ulcers, and as a disinfectant.

[J. F. Heustis, Prof. Mobile Medical College.

As I am going to leave Jeffersonville, Hodges' Art Gallery will be left in charge of C. L. Williams, who has been with me since I came to this place. Mr. Williams is capable of taking first class negatives and doing first class work, all work guaranteed to give entire satisfaction. All negatives taken by Mr. Williams will be finished at my Gallery at Bristol, Tennessee.

Respectfully,

C. F. HODGES.

## LOCAL BRIEFS.

Note changes in the advertisements of J. D. Watts and J. D. Hobbie & Co.

Dr. James Poery, of Indian, is spending as usual his "hay fever" season on White Top.

Dr. Thos. G. Witten will send two daughters to Martha Washington College this session.

Rev. Charlie Brown will attend the coming session of E. and H. College. He left for that place yesterday morning.

Quarterly meeting was held at the Methodist Church here on last Saturday and Sunday, Rev. Mr. Frazier officiating.

Engineer in Charge J. C. Rawn, has brought his family to Tazewell. His home is at Five Oaks, about four miles east of town.

Misses Josie and Katie Kelly left yesterday on a visit to relatives and friends, the former to Marion and the latter to Estillville.

Mrs. Lavonia Morrison, who has been visiting her sisters at this place during the summer, has returned to her home at Big Moccasin Gap.

It is understood that a new merchantile house, general line, is to be opened at this place on or about the 15th inst., by a Mr. Saunders of Eastern Virginia.

The work on Railroad Avenue is progressing rapidly. It is graded almost to the junction with the old road, while that part nearest main street is being macadamized.

One Deaton, a cart driver on the railroad work near Graham, was killed yesterday. His horse became frightened, and in running away dragged him to a terrible death.

Major Tynes has already put in wheat a portion of his town farm, thus making sure a good harvest. Progressive farming should mark the new era in Tazewell's history.

Contractors outfits are still to be seen occasionally passing down the line of the Clinch Valley Railroad. Mr. Mills' force goes over by way Abingdon, where he has established his depot of supplies.

There will be on to-morrow evening a fruit and musical festival at the residence of Rev. Joseph Stras, given by the Ladies Aid Society for the benefit of the Methodist Church. Admission 10 cents. All invited.

It is said that Messrs. Hawkins and son are taking great pride in the piece of work which they are executing for Mr. Oscar Thompson. For a residence to be one of "Hawkins' best" is to be a work of elegance indeed. A thing of beauty is a joy forever.

The ladies of the Presbyterian church returns thanks to their friends for the generous patronage extended to them, on Friday evening; and most especially to those who by their kind assistance, recitations, and music, contributed so greatly, to make the entertainment a success.

"Twenty Thousand Miles by Land and Sea," by Dr. R. A. Young, a new book which will leave the press in about ten days, can be had of Rev. W. L. Richardson, who has made special arrangements with the S. M. Pub. House, and whose orders will be filled at once. First edition sold in London. Price \$1.25.

Esquire Wm. O. Yost has perhaps the cleanest and best kept little farm in Tazewell. It is a pleasure to look upon it from the NEWS windows. There was but one thing on it that looked shabby—the old smithy, and that has just been razed to the ground, and the foundation of something new is rapidly rising in its place.

The old bank building, belonging Messrs. Chapman and Alderson, men who make a happy combination of taste and business, is rapidly being made one of the chief ornaments of the town. Originally well and conveniently built, the present improvements will make it an elegant residence, fit to grace the streets of many a city.

Capt. Arthur Walton, Assistant Engineer of 2nd Div. C. V. R. R., came high loosing his valuable and speedy horse, Sir John. His many friends, however, are delighted at the recovery of the handsome chestnut.

We hope to see him a contestant for Fair honors. If so we only give this "tip" to the betting inclined, "Ware Sir John" or keep your checkbooks in your purse of portemonnaies.

In every community there are a number of men whose whole time is not occupied, such as teachers, ministers, farmers' sons and others. To these classes especially we would say, if you wish to make several hundred dollars during the next few months, write at once to B. F. Johnson & Co., of Richmond, Va., and they will show you how to do it.

There is a prevalent opinion just at this time that the Tazewell High School is about to experience an unprecedented boom. There will be a large attendance from the beginning, and this will be greatly increased during the early part of the session, as those living out of town gradually become assured of the success of the school. The Professors Studebaker and Miss Darr have arrived and are occupying the residence part of the school building.

We call attention in this issue to the "ad" of Dr. Walter Stuart. Dr. Stuart graduated with honors at the University of Maryland, Dental Department, in 1883, receiving the second prize for plate work over thirty contestants. He is associated in the practice of Dentistry at Wytheville with Dr. William Farmer, which, in itself, will be sufficient recommendation to many of our people, who know Dr. Farmer. We bespeak for him a part of the patronage which Tazewell is not slow to give all responsible parties coming into her borders.

There is an amount of business, enterprise, and push on Clear Fork that cannot contain itself within its own narrow limits, but must needs come out and exercise throughout the broad Clinch section. Among those now in the vicinity of the Court House are Messrs. T. K. Hall, with his assistants, engaged in building an elegant mansion of modern style for Hon. Jno. G. Watts, William Britts with his force at work on the residence of J. N. Harman, Esq., Erastus and Leo Brooks putting up numerous buildings about the new residence of Judge Kelly, and Field Rutherford doing work in the same line for Dr. Thos. G. Witten. Not only is Clear Fork a land of carpenters and builders, but when material is wanted it is generally to be had there, anything from a sill to a shaved shingle.

## PICNIC.

It was the pleasure of the writer to be present at a picnic in the famous Burks Garden on Thursday of last week. We were, however, almost too late in arriving to assist in dispensing with things provided. After an excellent meal with Mrs. Grösclose, we went to the Fish Springs, where the picnic people were assembled. After an enjoyable stay of some hours on the ground, the party proceeded to the Grange Hall to indulge in games. At night Mr. Robert Lawson and wife tendered a party to the picnicers, and it goes without saying that it was an occasion of enjoyment. The host and hostess and Miss Easter, their charming niece from Baltimore, have our sincere thanks. To the people of Burks Garden we are under obligations for the great pleasure or the entire occasion.

## BRASS BUTTONS.

The following items are taken from the Roanoke Times:

J. D. Alexander, Esq., and daughter, of Tazewell Court House, were guests at Hotel Roanoke yesterday. They are en route to Hollins Institute, which educational institution Miss Alexander will attend during the ensuing session.

Although not much has been said about it the movement to erect a cotton mill here is progressing as favorably as could be desired. The necessary surveys of the river and land adjoining it have been made and a site selected for the mill. Engineers are now at work in Philadelphia calculating the cost of constructing a dam and erecting the mill, as well as such other work as will be necessary to ensure the success of the undertaking.

Work on the Roanoke Creamery building on Holiday and Campbell streets is progressing satisfactorily. Arrangements have been made with farmers and cattle raisers for miles around for a supply of cream, and when once operations are commenced there, a ready sale will be found for the butter. Mr. J. J. Duncan, the manager, has made a special study of butter-making in Pennsylvania and will enter upon the work here well equipped for the business.

## THE GLAMORGAN AHEAD.

A letter was received yesterday by Mr. James Allen, who has the contract for building the new water works at Tazewell Court House, from the committee in charge of the work, announcing their intention of purchasing the piping of the Glamorgan Company of this city. In their letter the committee say: "We had to give our order to the Glamorgan, as Pittsburgh asked us \$5.25 more per ton for piping." This is something more than a "feather" in the Glamorgan's cap.—Lynchburg Virginian.

## FREE TRADE.

The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, no doubt has largely benefited the consumers, as well as relieving the burden of home manufacturers. Especially is this the case with Green's August Flower and Boschee's German Syrup, as the reduction of thirty-six cents per dozen, has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75 cent size. The August Flower for Dyspepsia and Liver Complaint, and the German Syrup for Cough and Lung troubles, have perhaps, the largest sale of any medicines in the world. The advantage of increased size of the bottles will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries. Sample bottles for 10 cents remain the same size.

## SPECIAL ANNOUNCEMENT.

From this date all Pianos and Organs will be delivered free and all freight paid to any Depot or Boat Landing in Virginia at our lowest net prices, which is an inducement no other house offers. Remember this and send your orders to J. D. Hobbie & Co., Lynchburg.

## SORGHUM MILLS AND EVAPORATORS.

What is needed on the farm is simple practical machinery, that which will do the most work, not liable to get out of order, and if it does, is easy set right again. Essentially is this sort of Sorghum or Sugar Cane Mills and Evaporators. As their working season is short, there is no time to be fooled away in costly repairs and delays.

We recommend our readers to the Mill and Evaporator house of Chapman & Co., Madison, Ind., whose advertisement appears elsewhere in this paper. They have thirty years experience in this line and know the needs of the farmers.

## TAEWELL HIGH SCHOOL,

JEFFERSONVILLE, VA.

The next session of this school will begin Monday, Sept. 5th, 1887, and continue 10 months, under the following Board of Instructors.

## PROVISION STORE.

Having purchased G. W. Donk's entire stock of Patent Roller Flour we will hereafter keep constantly on hand a full supply of the same. We also have a lot of Western Bacon, English Cured Shoulders, Fairbanks Fine Leaf Lard, Corn and Corn Meal. In fact everything that is kept in a first class Provision Store. Fresh Beef every Tuesday and Saturday mornings. Respectfully,  
BUSTON & SON.

## PLUMER MEMORIAL FEMALE COLLEGE.

WYTHEVILLE, VA.

Rev. S. R. Preston, M. A., President. Next session begins September 15th, 1887. Board, fuel, lights, &c., with Collegiate course, including Latin, Calisthenics, Book-keeping, and Vocal Music in class, \$178 for the entire school-year. Art, Music, German, French, and Elocution thoroughly taught. Three superior music teachers. Usual advantages in French and German—the teacher being a native of Holland. Location, climate, surroundings all combine to make a delightful school-home for girls.  
July 22-2m.
